

~~CONFIDENTIAL~~

SUGGESTED ADAPTATION OF HIS 26 INFORMATION TO

CIA-January 1958

PARTS I, II, AND III, FOLLOWING CHAPTER IX OUTLINE

Section 90

A. Development and extent of mapping, charting, and related activities

1. Topographic mapping
2. Specialized physical mapping
3. Terrain-evaluation mapping
4. Aeronautical charting

5. Hydrographic and oceanographic charting

6. Other mapping (transportation, communications, sociological, economic, political, etc.)

Part I
(All or most of
U.S.S.R.)

Include central govt. organizations, mapping that is part of overall plan, etc.

Include development of charting for entire area; navigation charts, ATMP charting, etc.

Include central govt. organizations, mapping, etc. pertinent to entire country.

Part II
(European U.S.S.R.)

Discuss mapping limited to smaller areas such as Latvia, Lithuania, Estonia, Karafuto, etc., under Parts II or III.

Divide between Parts II and III by areas covered.

Discuss mapping for limited areas under Parts II or III by areas covered.

Part III
(Asiatic U.S.S.R.)

Respon-
sibility

Army (AMS and
MGB), USNHO
Charts

ACIC

USNHO

Army (AMS and
USASIA), CIA,
AWS.

C-O-N-F-I-D-E-N-T-I-A-L

Part I (All or most of U.S.S.R.)	Part II (European U.S.S.R.)	Part III (Asiatic U.S.S.R.)	Responsibility
Section 90 (con.) a. Surveys and b. Aerial photography			
1. Surveys a. Geodetic and gravity surveys	---	---	Army (AMS)
b. Hydrographic surveys	Divide between Parts II and III by areas covered.		USNHO Charts
c. Oceanographic surveys	Divide between Parts II and III by areas covered.		USNHO Ocean.
2. Aerial photography	Divide between Parts II and III by areas covered.		Army (AMS)
Deficiencies			
1. Published maps and charts	Discuss deficiencies of maps included in the respective parts of Section Section 91.		All
2. Mapping and charting data a. Survey data 1. Geodetic	---	---	Army (AMS)
2. Hydrographic	Divide between Parts II and III, to parallel treatment in 90, B, 1, above.		USNHO Charts
3. Oceanographic	Divide between Parts II and III, to parallel treatment in 90, B, 1, above.		USNHO Ocean.
b. Aerial photography	Divide between Parts II and III, to parallel treatment in 90, B, 2, above.		Army (AMS)

Responsibility

Part III
(Asiatic U.S.S.R.)Part II
(European U.S.S.R.)Part I
(All or most of
U.S.S.R.)

Section 90 (con.)

D. Programs under
way or projected

Include programs that will result in overall coverage, such as 1) a topographic series at 1:250,000 that will eventually cover entire U.S.S.R. or most of it, 2) new aeronautical 1:500,000 Pilotage Chart series, etc.

Include in Parts II and III smaller programs designed for ultimate coverage of parts of the U.S.S.R.

Section 91
A. General

B. Physical maps, navigation charts, and plans of urban areas

1. General

Based on material included in rest of B.

Based on material included in rest of B.

Based on material included in rest of B.

All

2. Topographic maps

Include map series covering 80% of area. (Evaluate as separate items--not as largest scale topographic).

Treat as usual -- largest scale topographic coverage

Treat as usual -- largest scale topographic coverage

Army (AMS)

3. Specialized physical maps

Include only maps or series for 80% or more of entire area (probably few).

Divide between Parts II and III by area covered; exclude those cited in Part I.

Army (MSB)

4. Terrain-evaluation maps

Include only maps or series for 80% or more of entire area (probably few).

Divide between Parts II and III by area covered; exclude those cited in Part I.

Army (MSB) and
USNHC charts.

Similar statements on each, serving as introduction to Section 91.

CIA

Section 91 (con.)

C-O-N-F-I-D-E-N-T-I-A-L				
	Part I (All or most of U.S.S.R.)	Part II (European U.S.S.R.)	Part III (Asiatic U.S.S.R.)	Respon- sibility
5. Air and air-facility charts				
a. Navigation charts	Include series that cover all or most of area; probably all will fall in Part I.			ACIC
b. Plotting and planning charts	Include series that cover all or most of area; probably all will fall in Part I.			ACIC
c. Air-facility charts (approach and landing charts, etc.)		Include only in Parts II and III.		ACIC
d. Target charts		Include only in Parts II and III.		ACIC
6. Hydrographic charts		Include in Parts II and III by area.		USNHO Charts
7. Oceanographic charts		Include in Parts II and III by area.		USNHO Oceanography
8. Climatic maps	Include only maps covering 80% or more of entire area.	By area, excluding those cited in Part I.		AWS
9. Maps and plans of urban areas		Include in Parts II and III, only.		Army (AMS)
C-O-N-F-I-D-E-N-T-I-A-L				

C-O-N-F-I-D-E-N-T-I-A-L			
Part I (All or most of U.S.S.R.)	Part II (European U.S.S.R.)	Part III (Asiatic U.S.S.R.)	Respon- sibility
Section 91 (con.) C. Transportation and communication maps and charts			
1. General	Base on material included in rest of C.	Base on material included in rest of C.	All
2. Railroad maps	Include maps for 80% or more of area.	Divide by area between Parts II and III, excluding those cited in Part I.	Army (AMS)
3. Road maps			
4. Inland-waterway maps and charts			
5. Port and harbor charts	----	Divide between Parts II and III.	USNHO Charts
6. Air-transport maps	Include maps for 80% or more of area.	Divide by area between Parts II and III, excluding those cited in Part I.	ACIC
7. Telecommunication and postal maps	Include maps for 80% or more of area.	Divide by area between Parts II and III, excluding those cited in Part I.	Army (USASIA) and CIA
8. Pipeline maps	Include maps for 80% or more of area.	Divide by area between Parts II and III, excluding those cited in Part I.	Army (AMS)
D. Sociological, political, and economic maps			
1. General	Base on material included in rest of D.	Base on material included in rest of D.	CIA
